Now you can ride to this motherfucker (Uh)  
Bounce to this motherfucker (Uh)  
Freak to this motherfuckerLet's get it on!Get it on the floor (WHAT?!)  
Get it, get it on the floor (WHAT?!)  
Get it on the floor (WHAT?!)  
Get it, get it on the floor (WHAT?!)  
Once again it's the Dark-Man, nigga  
Hit or spark a nigga  
Break apart a nigga  
But the dog is bigger, under stress, so unless  
You're wanting to bless to the chest  
These slugs from his liver rest, REST!  
Or the pump'll put a hurt on a nigga  
DUMB SEX, motherfucker feeding dirt on a nigga  
My hands stay dirty, 'cause I play dirty the mob way  
You don't know? Fuck it, find out the hard way  
A nigga's job is never done  
I handle my business how it come  
And there's never been a one on one  
Nor has there been a problem I dissolve them  
I'm like salt, lock it up hate to fall but never wreck his car  
And it's my fault, keep niggaz on point ducking down  
Niggaz like you, need to get busted, you fucking clown  
I extort to support my peeps  
And hold down the fort, never get caught 'cause I creeps NIGGA!  
Get it on the floor  
Get it, get it on the floor (WHAT?!)  
Get it on the floor  
Get it, get it on the floor (WHAT?!)  
You don't wanna party then your ass gotta go (WHAT?!)  
You don't wanna party then your ass gotta go (C'MON!)  
Now you can ride to this motherfucker (Uh)  
Bounce to this motherfucker (Uh)  
Freak to this motherfuckerLet's get it on!Get it on the floor (WHAT?!)  
Get it, get it on the floor (WHAT?!)  
Get it on the floor (WHAT?!)

Get it, get it on the floor I'm at the crossroads, I look but I'm not really sure which way to go  
 Should I play that low for what I did the other day?  
 They on their way to float, got me striking this random  
 I can't stand 'em, fake ass niggaz wanting to be the Phantom  
 Looking over my shoulder, cause it's colder than it was  
 And start shorty, because I'm a little older than cuz  
 And the buzz grom the saw with the chain to your brain  
 Will turn that BIG NIGGA to a fucking stain  
 That pain from the dirt makes the hurt go away for a minute  
 But I'm gon' die by it cause I'm like knee deep in it  
 And you motherfuckers wonder why I start shit?  
 'Cause when you look in my face, you see that hard shit!  
 'Cause I done been to hell and back, I ain't wit selling crack  
 I'd rather rob a nigga, leave him wit a shell up in his back  
 On the real, just to show proof  
 I hit the G.W.B., and blow the whole roof  
 Off the toll booth, bitch ass nigga! Get it on the floor  
 Get it, get it on the floor (WHAT?!)  
 Get it on the floor  
 Get it, get it on the floor (WHAT?!) You don't wanna party then your ass gotta go (WHAT?!)  
 You don't wanna party then your ass gotta go (C'MON!)  
 Now you can ride to this motherfucker (Uh)  
 Bounce to this motherfucker (Uh)  
 Freak to this motherfucker Let's get it on! Get it on the floor (WHAT?!)  
 Get it, get it on the floor (WHAT?!)  
 Get it on the floor (WHAT?!)  
 Get it, get it on the floor When I crawl, leave a nigga sprawled out after I spoke him  
 I'll slit his throat, dick in the mud, and let his blood choke him  
 Up north, niggaz get the pick stuck up in em  
 And in the streets, bitches get the dick stuck up in em  
 My M.O. is man-slaughter, kid  
 'Cause, on the reals, I done wet up more motherfuckers than water did  
 Slid, 'cause I got to slide when the dirt is done  
 A homicide, but they want me on the Murder One  
 But as long as I got my gun, I'm aight  
 Stay outta sight while it's light and then come out at night  
 To make moves again stomp and bruise again  
 I know I'm going to hell, 'cause I choose to sin  
 All my motherfucking life, I been the Devil's advocate  
 Now, niggaz never even knew the devil had a kid  
 But he does and when you hear the buzz of the chainsaw  
 You'll know why I'll split your motherfucking brains for! Get it on the floor  
 Get it, get it on the floor (WHAT?!)  
 Get it on the floor  
 Get it, get it on the floor (WHAT?!) You don't wanna party then your ass gotta go (WHAT?!)  
 You don't wanna party then your ass gotta go (C'MON!)  
 Now you can ride to this motherfucker (Uh)  
 Bounce to this motherfucker (Uh)  
 Freak to this motherfucker Let's get it on! Get it on the floor (WHAT?!)

Get it, get it on the floor (WHAT?!)  
Get it on the floor (WHAT?!)  
Get it, get it on the floor Don't start nothing, it won't be nothing  
Don't start nothing, it won't be nothing  
You wanna start something, it's gon' be somethin'  
You wanna start something, it's gon' be somethin'  
Don't start nothing, it won't be nothing  
Don't start nothing, it won't be nothing  
You wanna start something, it's gon' be somethin'  
You wanna start something, it's gon' be somethin'  
Yo yo c'mon!
