Must Be Love (feat. Puff Daddy)

Cassie

[Diddy]
You feel it uh It must be love haha yeah it feels like love its bad boy bitch
You know how we do
Stimulate my heart surrender my mind
Look at to my eyes if forever you fine
Bad boy turn good how could it be true
And all thru my pain how could it be you
How could it be new
How could it be my key the way its do
How could it be as me as pursue about the ghetto wise do
About getting a night job just for keeping my mind grounded in you
and in all that jazz what else can make a nigga spin all cash
A chick with a face A chick with a little skinny waist A chick with a mind
A matching nice taste plus I got the mind to snatch you like way
Why you wanna tie me up like Rick James? reverse the pause as long you gotta
Little high heels on its on
[Cassie]
This is something I never wanted
Since I met you I've been on it
I think about you all the time
Can get you off my mind
I know this can't be love (I know this can't be love)
But baby it must be love (But baby it must be love)
Thinking of going
All of the way
I wanna show you but I'm afraid
I know you say it's all of me
Maybe tonight I let you see
I know this could be love (I know this must be love)
But baby it must be love (I know it must be love)
Don't wanna give in to you so easily
But I can't even fight it you make me so weak
And I can't understand what you doing to me
But I like it (I like it) I like it (I like it)
I heard you whisper something to me
Hold me close now baby don't leave
Emotions taking over
Some things controlling me
I know this can't be love (I know this can't be love)
But baby it must be love (But baby it must be love)What am I feeling its getting stronger
And I can't hold it back for much longer
All though we trynna be cool it's all because of youI know this can't be love (I know this must

be love)
But baby it must be love (Baby it must be love)
Don't wanna give in to you so easily
But I can't even fight it that you make me so weak
And I can't understand what you doing to me
But I like it (I like it) I like it (I like it)[Diddy]
Now in a minute I must have check myself to the psycho
I'm going crazy and I don't know what I'm fighting for
See it's too easy to run from this and my mind says
I can't really fuck with this
trynna resist but every passion and kiss blow my mind
Like a terrorist you can be mine one some forever shit
I'm a treat believer trynna be tough but the look in your face it's so delicate
It's Something you do if you got me in trance you got me running and doing shit
I aint used to doing (that's right) thinking bout a chance
Maybe a slow dance maybe we hold hands fur coats and friends (keep going)
Go diving on beaches with white diamonds in the sand then we hand gliding over Cannes.
And then you can be my number one fan and I could be your love
In the club for as long as this song lasts[Cassie]
The way you make me feel is got me crazy
Tell me what you doing tonight
I'll be there right away
Take a ride with you homie
Ohh when you know I giving my love
Boy I so glad that you're mine (you are mine)
Do you wanna spend some time with me?Don't wanna give in to you so easily (don't wanna give in)
(don't wanna fight it) But I can't even fight that (you make me so weak) you make me so weak
And I can't understand what you doing to me (yes I like it)
But I like it (I like it) I like it (I like it)Don't wanna give in to you so easily (don't wanna give in)
(don't wanna fight it) But I can't even fight that (you make me so weak) you make me so weak
And I can't understand what you doing to me (yes I like it)
But I like it (I like it) I like it (I like it)
