Bottom Line

Ratt

Right here
Is where
Your arm belongs
And I knew
From the start
I knew it all alongFeeling all my feelings
Playing with my fire
Make the next move
Kindles my desireAnd I know what I'm thinkin'
That you know what I know
One thing's for sure's
That I'll never let you go
Some things last forever
Stand the test of time
It's you and me together
That's the bottom lineCome Hell or high water
Till the end of time
It's you and me forever
That's the bottom lineWas it love
Or a strange
Twist of fate
Hand in hand
Heart to heart
We took it on blind faithTurnin' back the pages
And tryin' to find the facts
Our love is gettin' stronger
There's no turnin' back
No more nasty looks
You play no dirty tricks
Nothing here is broken
So there's nothing here to fixSome things last forever
Stand the test of time
It's you and me together
That's the bottom lineNever say never
Till the end of time
We'll go through Hell together
That's the bottom lineOw!If you want it
You know where to find it
It's forever
That's the bottom lineDon't forget it
You'll never regret it
We're together

That's the bottom lineOw!Some things last forever
Stand the test of time
It's you and me together
That's the bottom lineCome Hell or high water
Till the end of time
It's you and me forever
That's the bottom lineSome things last forever
Stand the test of time
It's you and me together
That's the bottom lineCome Hell or high water
Till the end of time, yeah!No, no, never say never
That's the bottom line, yeah!Some things last forever
Stand the test of time
It's you and me together
That's the bottom line
