How Not To

Dan + Shay

I can honestly understand why it's over
I can go through the motions walkin' away
I can give you the key and take my things back
I can find plenty things to fill my daysBut I don't know how not to
Think about you when it's late at night and quiet
Yeah I know that I ought to
Be the one who is strong and just moves on
But I'll probably turn down your road
Knock, knock on your door
Fall back in your arms
Wake up in the mornin'
Hating myself and the way that I can't help
The way I still want you
I just don't know how not to
How not to, how not to
I just don't know how not to
How not to, how not toYou're like second nature baby
you're just like breathin'
Melody that you hear and you can't forget
And time goes by and I still need you
Yeah you're worth the heartbreak and no regret
But I don't know how not to
Think about you when it's late at night and quiet
Yeah I know that I ought to
Be the one who is strong and just moves on
But I'll probably turn down your road
Knock, knock on your door
Fall back in your arms
Wake up in the mornin'
Hatin' myself and the way that I can't help
The way I still want you
I just don't know how not to
How not to, how not to
I just don't know how not to
How not to, how not toOh how not to think about you, when it's late at night and quiet
Yeah I know that I ought to
Be the one who is strong and just moves on
But I'll probably turn down your road
Knock, knock on your door
Fall back in your arms
Wake up in the mornin'Hatin' myself and the way that I can't help
The way I still want you

I just don't know how not to
How not to, how not to
I just don't know how not to
How not to, how not to
