My Cancer

Reflections

To be honest, the truth is I'm afraid
I fear losing the only thing I've ever held so close
The fact is you never cared
Half as much for me as I did for you.No matter what you say,
You're filling your head with lies
Telling yourself you'll be here,
When you're not anywhere to be foundHow can you just close your eyes
And pretend I'm a ghost,
When I am haunted by the thought of you
To be honest, I wish I was like you.I wish I could forget these memories
Did you not see me falling down
Into endless shades of grey
You watched without taking a step
I just wish you could disappear
But maybe I'm the one who turns into smoke
Maybe this is my destiny
Maybe this is my destiny
