Firebird

Galantis

We started at the cinema
T-Roof dancing hands in the wind
Rizlas, rollin up a cigarette
The boys are calling shotgun againHot blooded like a harlequin
Our heroine is tremblin
Shake shaken like a tambourine
Colors runnin into our skinAnd all the stars are awaken
To the sound of the firebird
Under the sky half naked
Oh oh
And all the stars are awaken
To the sound of the firebirdUnder the sky half naked
Oh oh
And all the stars are awaken
To the sound of the firebirdUnder the sky half naked
Oh Oh
We started at the cinema
T-Roof dancing hands in the wind
Rizlas, rollin up a cigarette
The boys are calling shotgun again
Hot blooded like a harlequin
Our heroine is tremblin
Shake shaken like a tambourine
Colors runnin into our skin
Oh Oh
And all the stars are awaken
To the sound of the firebird
Under the sky half naked
Oh Oh
