

Unless You Mean It

Chris Mann

Tell me that you need me
Tell me that you care
You can tell me that you're close to me
And always will be there
You can tell me not to hurry
Before I walk I have to crawl
You can tell me anything
Anything at all But don't say it
Don't scream it
Don't whisper it
Don't even think it
Don't call it love unless you mean it
Unless you mean it
Tell me all your secrets
And all your little lies
You can tell me why you're up at night
I've always wondered why
You can tell me when you're flying
And you can tell me when you fall
You can tell me anything
Anything at all
But don't say it
Don't scream it
Don't whisper it
Don't even think it
Don't call it love unless you mean it Unless the truth is nothing but the truth
Don't say I love you Don't say it
Don't scream it
Don't whisper it
Don't even think it
Don't say it
Don't scream it
Don't whisper it
Don't even think it
Don't say a thing unless you mean it
Unless you mean it Don't even think it
Don't say a thing unless you mean it
Unless you mean it
