Change the World

Eric Clapton

If I could reach the stars, pull one down for you
Shine it on my heart, so you could see the truth
That this love I have inside is everything it seems
But for now I find, it's only in my dreamsAnd I can change the world
I will be the sunlight in your universe
You would think my love was really something good
Baby if I could change the worldIf I could be king even for a day
I'd take you as my queen
I'd have it no other way
And our love would rule this kingdom we had made
'Til then I'd be a fool
Wishing for the day
That I can change the world
I would be the sunlight in your universeYou would think my love was really something good
Baby if I could change the world
Baby if I could change the world
I could change the world
I would be the sunlight in your universe
You would think my love was really something good
Baby if I could change the world
Baby if I could change the world
Baby if I could change the world
