Lord I'm Ready Now

Plumb

I just let go
And I feel exposed
But its so beautiful
'Cause this is who I amI've been such a mess
But now I can't care less
I could bleed to deathOh Lord I'm ready now
All the walls are down
Time is running out
And I wanna make this count
I ran away from you
And did what I wanted to
But I don't wanna let you down
Oh Lord I'm ready now
Lord I'm ready now
I was so caught up
In who I'm not
Can you please forgive me?Oh Lord I'm ready now
All the walls are down
Time is running out
And I wanna make this count
I ran away from you
And did what I wanted to
But I don't wanna let you down
Oh Lord I'm ready now
Lord I'm ready nowI've nothing left to hide
No reason's left to lie
Give me another chance
Lord I'm ready now
All the walls are down
Time is running out
And I wanna make this count
I ran away from you
And did what I wanted to
But I don't wanna let you down
Oh Lord I'm ready now
Lord I'm ready now
