Shakin' Hands with the Holy Ghost

Blackberry Smoke

Slit the night wide open
I ain't got nowhere to go
Yeah my baby's howlin' at me
Yeah she tearing up the floorWe got the Tennessee champainge
Feelin' moonshine fine
And my Johnson city baby
Yeah she helps me draw the linAs the crow flies baby
Gonna get me up on time
Gonna light me up, like the 4th of JulyEverybody knows, baby take it slow
Feel just like I'm singing With the heavenly host
Everybody said, everybody knows
Just like shaking hands With the Holy Ghost
She got the things that I need
Keeps me coming back for more
I ain't ever gonna break away
Got a hook in me for sureAs the crow flies baby
Gonna get me up on time
Gonna light me up yeah Like the 4th of JulyEverybody knows, baby take it slow
Feel just like I'm singing
With the heavenly host
Everybody said, everybody knows
Just like shaking hands
With the Holy Ghost
Alright, mhmmm yeah
Everybody knows, baby take it slow
Feel just like I'm singing
With the heavenly host
Everybody said, everybody knows
Just like shaking hands
With the Holy GhostEverybody knows, baby take it slow
Feel just like I'm singing
With the heavenly host
Everybody said, everybody knows
Just like shaking hands
With the Holy Ghost
