Call U Out

Cassie

Oh, Next Selection, yeah, oh
Ay, ay, ay, ay, ay, ay, ay
Oh, Next Selection, yeah, oh, oh
Ay, ay, ay, ay, ay, ay, ay
Did you really think that you would keep a secret from me?
When I know you like the back of my hand, come on now
I can tell when you're on the low tryna hide something
Tryna hide something, you can't hide nothing
I been watching you for a minute, I already know
Whatchu doing you can't hide it from me, come on now
I can tell when you're on the low tryna hide something
Tryna hide something, you can't hide nothing
I'ma call U out, I'ma call U out, oh, oh
I'ma call U out, I'ma call U out, oh, oh
I'ma call U out, I'ma call U out, oh, oh
I'ma call U out, I'ma call U out, oh, oh
I'm the illest chick you ever met, you know that's a fact
I'll cut you off in a minute, boy if you make me
You'll never catch me asleep, I'm awake, baby
I'm awake baby, you can't front on me
You can save all your tired lies for someone who cares
I'll be seeing right through 'em, no time to waste now
You will never catch me asleep, I'm awake homie
I'm awake homie, you can't front on me
I'ma call U out, I'ma call U out, oh, oh
I'ma call U out, I'ma call U out, oh, oh
I'ma call U out, I'ma call U out, oh, oh
I'ma call U out, I'ma call U out, oh, oh
I'ma stay down, I'ma ice grill ya
You don't know by now? You should get familiar
You got a hundred stories, you be fake thuggin'
If you think I'm believin' you? You must be buggin'
I'm like a fortune teller, I can see 'em comin'
If he's runnin' games, I'ma keep 'em runnin'
The day you play me that'll be the day you're gone
You can front now but later on
I'ma call U out, I'ma call U out, oh, oh
I'ma call U out, I'ma call U out, oh, oh
I'ma call U out, I'ma call U out, oh, oh
I'ma call U out, I'ma call U out, oh, oh
Oh, Next Selection, yeah, oh
Ay, ay, ay, ay, ay, ay, ay

Oh, Next Selection, yeah, oh, oh
