Hunter

Galantis

I am the hunter, I am the great unknown
Only my love can conquer
I am the, I am the hunter
I am the hunter, into the wild we go
Give up your heart, surrender
'Cause I am the, I am the hunterWe've been on this road to a place that, one day, we'll know
Adventure to the other side
Searching high and low for the treasure deep in your soul
The fortune teller's always rightGot the red eyes in the night
Like a panther, outta sight
Gonna sing my battle cry
'Cause I am the, I am the, I am the
I am the hunter, I am the great unknown
Only my love can conquer
I am the, I am the hunter
I am the hunter, into the wild we go
Give up your heart, surrender
'Cause I am the, I am the hunterI am the
I am the, I am the
I am the
I am the, I am the, I am the, I am theStrangers wild and free
Through the flames, you're all that I see
A force you, that you can't deny
Heed my calling
Lock and load, come running to me
Dancing through the midnight
Got the red eyes in the night
Like a panther, outta sight
Gonna sing my battle cry
'Cause I am the, I am the, I am theI am the hunter, I am the great unknown
Only my love can conquer
I am the, I am the hunter
I am the hunter, into the wild we go
Give up your heart, surrender
'Cause I am the, I am the hunterI am the
I am the, I am the
I am theI am the, I am the, I am the
I am the, I am the, I am the hunt-
I am the, I am the, I am the
I am the, I am the, I am the hunt-
I am-I am, I am-I am, I am-I am
Hunter
