World To Me (feat. Luke James) (Cazztek Remix)

Tchami

Baby, you should know that you mean the world to me
And you have found a home, a place I don't want to leave
I don't know where I belong, yeah yeah
But I try, oh I've been waiting so long
You mean the world to me
You mean the world to me
You mean the world to me, mean the world to me
You mean the world to me, mean the world to me
Mean the world to me
Baby, you should know that my love stays running deep
Even if I have to fly, I cross all seven seas
I don't want you to feel alone
I'm right side on every inch of the globe
You mean the world to me, mean the world to me
You mean the world to me, mean the world to me
You mean the world to me, mean the world to me
You mean the world to me, mean the world to me
Mean the world to me
World to me, world to me
World to me, world to me
World to me, world to me
World to me, world to me
Mean the world to me, mean the world to me
Mean the world to me, mean the world to me
Mean the world to me, mean the world to me
Mean the world to me, mean the world to me
Mean the world to me, mean the world to me
