Why Are We so Broken (feat. blink-182)

Steve Aoki

[Verse 1: Matt Skiba]
I had a feeling you were troubled
The night I pulled you from the rubble
When will we release this disaster piece?
From the ceiling or the gutter
Get my bleeding heart aflutter
And I can't erase the sad memories[Pre-Chorus: Mark Hoppus]
Got time on my hands
I got time to slow you down, down, down, down
Got time on my hands
I got time to slow you down, down, down, down, down[Chorus: Matt Skiba & Mark Hoppus]
Tonight, why are you so broken?
Wanna know, wanna know, wanna know
All about you
Tonight, why are we still holding on?
[Post-Chorus: Matt Skiba]
It's never enough for you
It's never enough for you[Verse 2: Matt Skiba]
Heard a rumor you were leaving
The West Coast tomorrow evening
Wasting no time, saying your goodbyes
For the life of me, I can't find
Anyone to share or kill time
I want you back, my little heart attack
[Pre-Chorus: Mark Hoppus]
I got time on my hands
I got time to slow you down, down, down, down
I got time on my hands
I got time to slow you down, down, down, down, down
[Chorus: Matt Skiba & Mark Hoppus]
Tonight, why are you so broken?
Wanna know, wanna know, wanna know
All about you
Tonight, why are we still holding on?[Post-Chorus: Mark Hoppus, Matt Skiba]
When the walls fall down and you run from the dust as it covers your lungs it's never enough for you
When this stolen sky comes crashing down up on this waste of a life it's never enough for you
It's never enough for you
It's never enough for you[Bridge: Matt Skiba]
It's never enough for
It's never enough for you
It's never enough for

It's never enough for you[Pre-Chorus: Mark Hoppus]
I got time on my hands
I got time to slow you down, down, down, down
I got time on my hands
I got time to slow you down, down, down, down, down[Chorus: Matt Skiba]
It's never enough for you[Outro: Mark Hoppus]
I got time on my hands (My hands)
I got time to slow you down, down, down, down
I got time on my hands (I got time on my hands)
I got time to slow you down, down, down, down, down
