Goodbye (feat. Lyse) [Hugel Remix]

Feder

Is someone listening?Let me tell you this story, of that guy
First you loved, - then - you promised.Two of us losing controlNow, living in, my own life
Got you out of my Have me wasting too much time
Gonna leave you far behindThen, you ran away
Are you thinking of me?
When you f*ck her?
Doubt that you now that you were supposed to love me
'Till the day Now, living in my own life
Got you out of my Have me wasting too much time
Gonna leave you far behind
Now, living in my own life
Got you out of my Have me wasting too much time
Gonna leave you far behind
Now, living in my own life
Got you out of my mind
Be wasting too much time
Gonna leave you far behind
