

Never Never Land

Lyfe Jennings

You know my momma said
There's only two things in life that are constant
That's change and change
It feels like something's missing but I just don't know
It's like I'm not the same man that I was, no more
And all these crazy places that I usually know
Are just not as exciting as they were before
I think about you constantly, it surprises me how
I've changed
My friends are coming down on me
Saying a playa never changes the game
Those fellows live in Never Never Land
Right next to Peter Pan 'cause nobody wants to grow old
Those fellows live in Never Never Land
They'll never understand what it's like to be in love
Never Never Land
Right next to Peter Pan 'cause nobody wants to grow old
Those fellows live in Never Never Land
They'll never understand what it's like to be in love
It feels like something's moving inside of me
My heart is doing back flips in spite of me
And there's no place that I would rather be
Than with you and my kids, my family
I think about you constantly, you gonna be my wife
eventually
It don't matter what my friends say to me
There's no changing my mind, so y'all just pray for me
Never Never Land
Right next to Peter Pan 'cause nobody wants to grow old
Those fellows live in Never Never Land
They'll never understand what it's like to be in love
Never Never Land
Right next to Peter Pan 'cause nobody wants to grow old
Those fellows live in Never Never Land
They'll never understand what it's like to be in love
Hold up wait a minute, how my heart slipped
Don't be putting my woman in it
She ain't got nothing to do with this ***
She is a deak and she chills in the pool pit
Ah, you're wrong dawg
I don't even need to say no more
You ain't got the disease but you expect the cure
Down on your knees praying for that new Porsche
While she's walking out the door
She's walking out the door
Those fellows live in Never Never Land
Right next to Peter Pan 'cause nobody wants to grow old
Those fellows live in Never Never Land
They'll never understand what it's like to be in love
Never Never Land
Right next to Peter Pan 'cause nobody wants to grow old

Those fellows live in Never Never Land
They'll never understand what it's like to be in love
And I don't care what they told you
30 is not the new 20, it's the same old 30
Don't be mad at me Jay, I'm just the messenger baby
I'm just the messenger
