Juliet & Romeo (feat. Roy Woods)

Martin Solveig

World's moving so slow
Got my hand out the window
Lose track of time and memoryLosing my mind in the palm treesGot me believing you're so shy
You catch me looking and you hide your eyes
Leaving behind the reality
We can let go of the formalitiesYou know we should be dancing
Tell me that you wanna go, dancing
You and me in stereo, dancing
Intoxicated, this is how we wanna be
You and I, we gotta keep dancing
Oh yeah, sweating in the afterglow, dancing
Juliet and Romeo, dancing
Intoxicated, this is how we wanna be
Girl, stop hidingGirl, stop hidingWorld's moving so slow
Got my hand out the window
Lose track of time and memory
Losing my mind in the palm treesYou know we should be dancing
Tell me that you wanna go, dancing
You and me in stereo, dancing
Intoxicated, this is how we wanna be
You and I, we gotta keep dancing
Oh yeah, sweating in the afterglow, dancing
Juliet and Romeo, dancing
Intoxicated, this is how we wanna be
Girl, stop hidingBaby, you know we should be dancing
Dancing
Dancing
Intoxicated, this is how we wanna be
Girl, stop hiding
