We Found Love (Zack Martino & Kastra Remix)

Sultan + Shepard & Showtek

Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with itNow that we found love, what are we gonna do with itNow hit me with that funky-ass beatNow that we found love
(Guess what)Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with itNow, now, now, now
Now hit me with that funky-ass beat
