Party Shaker (Video Edit)

R.I.O.

Wake up, wake up
People getting on
I'm gonna rock your body
Stand up, stand upWe're moving all the way to the topWe flying high, so high
To the sky
And we lead any dance floor
Right tonight
We will blow this club wayFrom Rio to Jamaica
We are the party shaker
So welcome everybody
Let's party tonight
Will sit until is wasted
They call us troublemakers
But we just like to party
And party tonight
From Rio to Jamaica
We are the party shaker
So welcome everybody
Let's party tonightWill sit until is wasted
They call us troublemakers
But we just like to party
And party tonight
But we just like to partyAnd party tonight
That's right!
All right, all right
Love is in the air
The girls go naughty
Tonight is the night
We blow this disco lights
We flying high, so high
To the sky
Make it over the rainbow
Right tonight
We will blow this club wayFrom Rio to Jamaica
We are the party shaker
So welcome everybody
Let's party tonight
Will sit until is wasted
They call us troublemakers
But we just like to party
And party tonightParty shaker!
But we just like to party

And party tonight
So if you wanna dance
The party never ends
So people put your hands up
Your ass shake
Your body rock in dance
Let's get ready to the party tonight
Come on down, we a go make a party
Sip your drink, you feeling irie
Everybody do a dance and get upon itSo, uh, like, whoa, whoa, whoa
And I know you gonna want more
Take you all around the world, go on tour
Everybody get you ass upon the floor
From Rio to Jamaica
We are the party shaker
So welcome everybody
Let's party tonight
Will sit until is wasted
They call us troublemakers
But we just like to party
And party tonight
