Niagara Falls

Sara Evans

I can't worry my heart with what if
Oh, maybe I should just give in
And wrap myself around you
And let you take me down, take me down'Cause you can't ask the sun not to shine
And no one's ever found a way to stall time
Oh baby, it's unstoppable
I can't resist at allI would never try to slow down the wind
'Cause baby, it just has to be what it is
And asking me not to love you
Is like asking Niagara not to fall
Ooh yeahNo you can't ask the sun not to shine
No one's ever found a way to stall time
Oh baby, it's unstoppable
I can't resist at allAnd I would never try to slow down the wind
'Cause baby, it just has to be what it is
And asking me not to love you
Is like asking Niagara not to fall
Ooh yeah
Not to fallRain, rain, rain down on me
Wash, wash, wash over me
Fall, fall, fall into me
