Like I Love You (feat. The NGHBRS)

Lost Frequencies

[Verse 1]
Oh it's a long way down
But if you don't look, you don't have to know it
And I can be around
To catch your fall if you're losing your grip[Pre-Chorus]
Can't you see that I come crawling on my knees
To get to you, get to you, get to you
Can't you see that I climbed out in stress and be
Next to you, next to you, next to you[Chorus]
But do you love like I love you?
Don't have to rush if you don't want to
Oh I'll be patient
But just know that there's no way that anybody else could love you
Like I love you
[Post-Chorus]
Like I love you
Love you
Like I love you
Love you[Verse 2]
Know you've been hurt before (fore, fore)
But a little love is enough to save ya
Ya, we could take our time for sure
'Cause omething real is worth for waiting[Pre-Chorus]
Can't you see that I come crawling on my knees
To get to you, get to you, get to you
Can't you see I swim the ocean just to be
Next to you, next to you, next to you
[Chorus]
But do you love like I love you?
Don't have to rush if you don't want to
Oh I'll be patient
But just know that there's no way that anybody else could love you
Like I love you[Post-Chorus]
Like I love you
Love you
Like I love you
Love you[Bridge]
I know you wanted my but
You won't surrender your heart
Keeping me out in the dark, keeping me out in the dark
I know you wanted my but
She won't surrender your heart

Keeping me out in the dark, keeping me out in the dark
In the dark[Chorus]
But do you love like I love you?
Don't have to rush if you don't want to
Oh I'll be patient
But just know that there's no way that anybody else could love you
Like I love you[Post-Chorus]
Like I love you (nobody else could)
Love you (nobody else could)
Like I love you
Love you[Outro]
Like I love you
