Hope Is Born Again (feat. Point of Grace)

Jim Brickman & Point of Grace

Starlight falling on the snow
Fire glows within
Celebrate the joyful news
Hope is born againThere is holly 'round the doorway
There is cider on the stove
And the sound of Psalm will fill the air
As the family gathers closeLift your voices high and sing
Grace has entered in
Praises to the infant King
Hope is born again
Through the frost upon the window
See the stockings on the hearth
Where the light reflects the cheerfulness
That's growing in our heartsLift your voices high and sing
Grace has entered in
Celebrate the joyful news
Hope is born againLift your voices high and sing
Grace has entered in
Praises to the infant King
Hope is born againAnd the hope of that first Christmas
The day that Heaven came to earth
Now it comes again and fills our heart
As we celebrate His birth
Starlight falling on the snow
Fire glows within
Celebrate the joyful news
Hope is born again, hope is born again
