# How To Get Rich

## Chinx

Ain't nobody gonna tell ya, how to get rich nigga
Ain't nobody gonna tell ya, how to get rich nigga
Gotta learn it on your own, how to get rich nigga
Ain't nobody gonna tell ya, how to get rich nigga
Wish I had a step by step book
On the Rolls in the pass you took
When you loss or how'd you get it back
Run for it, then it fall up in your lap, yeah
How to get rich nigga, how to get rich nigga
How to get rich nigga, how to get rich nigga
Ride up on the corners I step foot
Saw the money I was right next to it
Had the haters like how the hell he do it
Made it out the ghetto, glory hallelujah
Came up out the sewer
They ain't never show me how to hit a lick and split the profit with the fam
Most them niggas kind of sittin' never been authentic, they gon' forward when shit hit the fan
In the kitchens whippin' overtime
Caught the drip but it was overtime
Fell asleep and a nigga had a dream
Now I'm whipping foreign overtime
Hundred thousand dollars in the duffle
Stackin' over hundred in a muffle
Had to found out where to put the beefJust to finally see the day I bomb
How to get rich nigga, how to get rich nigga
Ain't nobody gonna tell ya, how to get rich nigga
Gotta learn it on your own, how to get rich nigga
Ain't nobody gonna tell ya, how to get rich nigga
Wish I had a step by step book
On the Rolls in the pass you took
When you loss or how'd you get it back
Run for it, then it fall up in your lap, yeahHow to get rich nigga, how to get rich nigga
How to get rich nigga, how to get rich niggaDone went from holes in my sneakers to counting out
Franklin and jacksons we count em out
Used to put the money in the mattress
Now we put that in my safety deposit box
Bet yo last I'ma kill em, stack the cash by the ceiling
2 hundred on the dash, when I pass on your feelings
Missing rack when I'm steering
Certain shit they never told us, had to figure out in my own
Now we went and bought a last line, got the plans right, did it all alone

Stand up, never snitch hittaStand firm, never switch hit it
All this game, I done gamed on em niggas
I might as well that I blew up onHow to get rich nigga, how to get rich nigga
Ain't nobody gonna tell ya, how to get rich nigga
Gotta learn it on your own, how to get rich nigga
Ain't nobody gonna tell ya, how to get rich nigga
Wish I had a step by step book
On the Rolls in the pass you tookWhen you loss or how'd you get it back
Run for it, then it fall up in your lap, yeah
How to get rich nigga, how to get rich nigga
How to get rich nigga, how to get rich niggaCan't nobody teach ya how to bang
Can't nobody teach ya proper slang
Can't nobody teach how to move it in the streets, you really had to know the game
Can't nobody teach you how to ride
Can't nobody teach you how to slide
Can't nobody teach you how to put the molly in the drink so you can catch the vibe
Can't nobody teach you how to make it
Can't no shookers, ain't no golden roads
Can't nobody teach you how to believe in yourself, even when no one don't
Ain't nobody teach you how to love it
Busy for it, what the fuck you doing
Can't nobody hold ya hand, yous a grown man, boss up nigga show it
Ain't nobody got the million dollar ticketAin't nobody got that over night life
Everyone I know, they came up from the bottom, put the working on em, moment [?]
Ain't nobody worry bout em
Cause everybody want the same thing
And you gonna find sooner or later, can't nobody teach ya cause they don't know a damn thingAin't nobody gonna tell ya, how to get rich nigga
Ain't nobody gonna tell ya, how to get rich nigga
Gotta learn it on your own, how to get rich nigga
Ain't nobody gonna tell ya, how to get rich nigga
Wish I had a step by step book
On the Rolls in the pass you took
When you loss or how'd you get it back
Run for it, then it fall up in your lap, yeah
How to get rich nigga, how to get rich nigga
How to get rich nigga, how to get rich nigga
