Red Lipstick

Trey Songz

Oh, oh, oh
Come here, girl
Give me a kiss, yeahValentine's Day came early
And whatever you want, girl, you deserve it
Cause you warmer then the summer time
So I hold you through the winter time
And the love inside your eyes
Could turn a cloudy day to sunshineI make a move then you make a move
I wanting your love with nothing to lose
I'm in the mode if you in the mode
To go in the room and do what we do
It's going down
I want your body in my arms right now
Want your pretty red lips, red lips
Girl, you know what you do to me
You got that red, red lipstick on
Baby, kiss me til' your lipstick goneRed lips, red lips
You got that red, red, red
You got that red, red, red
You got that red, red lipstick on
Baby, kiss me till your lipstick goneYou be my number one
You be my number one
Tell me how you want it done
Tell me how you want it doneSee, baby, you my favorite melody
The sound of you is heavenly
I say thank you to the heavens
As I listen to my angel sing
I make a move then you make a move
I wanting your love with nothing to lose
I'm in the mode if you in the mode
To go in the room and do what we do, do
It's going down
I want your body in my arms right nowWant your pretty red lips, red lips
Girl, you know what you do to me
You got that red lipstick on
Baby, kiss me till your lipstick goneRed lips, red lips
You got that red, red, red
You got that red, red, red
You got that red, red lipstick on
Baby, kiss me till your lipstick goneOoh, nothing ever felt to so right
'Cause I never knew that a touch could taste
And a kiss could feel so good(There is nothing like)

There's nothing like your lipstick
Taste like candy
Makes me want to work to make you happy
So please put it on, I love when it's on
Now I kiss you, girl, it's goneGirl, you know
Girl, you know what you do to me
When you got that red, red lipstick on, on, on
Baby, kiss me till your lipstick goneOoh girl you got that red, red, red
You got that red, red, red
You got that red, red, red
You got that red, red lipstick on
Baby, kiss me till your lipstick goneWant your pretty red lips, red lips
Girl, you know what you do to me
You got that red lipstick on
Baby, kiss me till your lipstick goneRed lips, red lips
You got that red, red, red
You got that red, red, red
You got that red, red lipstick on
Baby, kiss me till your lipstick goneYeah
