Baby Blue

Rence

Oh, I'm holding onto my daydream
Smoking on some OG
Well, I'm home-grown and I'm leaning on to my love
My love
Oh, she acting like she don't know me
Baby girl and that OG
'Cause I'm home-grown and I'm leaning on to my love
My love
Saw you in September
Something I should do it in November
Still I ain't pursued on you
Youuu-uuuh uuuh
Daydreams I remember, nights I never do
Number one contender, stealing all my thoughts is you
Youuu-uuh uuh
Is youOh, I'm holding onto my daydream
Smoking on some OG
Well, I'm home-grown and I'm leaning on to my love
My love
Oh, she acting like she don't know me
Baby girl and that OG
'Cause I'm home-grown and I'm leaning on to my love
My love
Oh, I'm holding onto my daydream
Smoking on some OG
Well, I'm home-grown and I'm leaning on to my love
My love
Oh, she acting like she don't know me
Baby girl and that OG
'Cause I'm home-grown and I'm leaning on to my love
My love
