Seventies

Laurent Wolf

I...I have no god and no religion
And I...I just believe in television, hm hm
I...can see the world with no affliction, hey hey
So everybody got to feel this
Shining of my hand
I...I dream about a life at your side
Climbing at your door when you're shy
My nipples have that attraction (bon la je suis pas sure, ça me parait un peu bizarre ^^')I....I...am on this jean one last,
When the world was made, she says
Everybody's got to hear this
Go and hold my hand,
He's gonna save me, he's gonna save me
Who's gonna hear this call,
And make me feel this world in pink and blue ?
Who's gonna save me, who's gonna save me
Who's gonna make me feel this world in pink and blue
And what you say and everything is alright
And everything is fight, fight, fight
And everything is fight, fight, fight
And everything is fight, fight, fight
And everything is fight, fight, fight
And everything is right !
