Shawn Mendes

Seth Bishop

Take me back to the valley .
We were both happy.
Kiss in the rain.
We were Noah and Allie .
And even in pain you would never come at me.
Yeah we were insane.
And I know you like acting.
But girl don't you act like you don't need my protection.
Even when you'd scream you sweared you'd resent me.
Ignored all these hoes.
They'd tried to go tempt me.
But you had to go.
Go out to tempe.
Lately I feel like you never did love me.
Or else you never would've moved so quickly
To that other guy, Fuck that other guy.
Left me in stitches Shawn Mendes type you know tonight.
I've been walking alone.
I've been falling apart.
I've been chasing the moon.
I've been chasing the stars in the sky, yeah you know they ignite.
Like the sparks in your eyes, when we kissed the first time.
And I've been looking for love.
All i'm finding is pain.
Trying to rise above your name.
Remember those nights we'd just listen to Shawn.
Heart like December now that you're gone.
Remember the valley you told me you loved me.
Back in the day when things were easy.
Even in pain you would always believe me.
Yeah you used to say, that you never would leave me.
Remember all the things that we said that we would do.
Remember all the dreams.
That we dreamed that would come true.
Leave this world behind run away just me and you.
Can we just rewind live life we used to do.
You know there's a scar in my heart it bleeds for you.
My world torn apart, do it again just for you.
We used to lay listen to Shawn all summer.
You got me fallin don't think i can recover no.
I've been walking alone.
I've been falling apart.

I've been chasing the moon.
I've been chasing the stars in the sky yeah you know they ignite.
Like the sparks in your eyes when we kissed the first time.
And i've been looking for love, all I'm finding is pain.
Trying to rise above your name.
Remember those nights we'd just listen to Shawn.
Heart like December now that you're gone.
Lately I feel like you never did love me.
Else you never would've moved so quickly.
To that other guy, Fuck that other guy.
Left me in stitches Shawn Mendes tonight.
I've been walking alone.
I've been going so far.
I've been chasing the moon.
I've been chasing the stars in the sky yeah you know they ignite.
Like the sparks in your eyes when we kissed the first time.
And i've been looking for love, all i'm feeling is pain.
Trying to rise above your name.
Remember those nights we'd just listen to Shawn.
My heart torn apart now that you're gone.
that you're gone.
that you're gone.
that you're gone.
that you're gone.
