Now You're Gone (feat. Zara Larsson)

Tom Walker

[Chorus: Tom Walker]
Of all the battles that I've won
They don't matter now you're gone
Nothing matters now you're gone
Of all the battles that I've won
They don't matter now you're gone
Nothing matters now you're gone[Verse 1: Zara Larsson]
I said I'm done with you
But I can't help it when I lay down, still think of you
Keeps me awake at night and
Why do I let it get so far?
How do we end with broken hearts?
How do we end with broken hearts, broken hearts?
[Verse 2: Tom Waker]
So was it really worth it?
Caught in the moment while we burn it down
No one's perfect
Try to connect and we turn it 'round
Well, I'm over this game
No one's taking the blame
So was it really worth it?
Was it really worth it?[Pre-Chorus: Zara Larsson & Tom Walker]
Everything we've been criticizing
Well, I don't wanna live like that
Overthinking and analyzing
Never gonna take it back
I thought I was winning, but I was dying
Everything we never had
Losing you is what I want fighting
[Chorus: Tom Walker & Zara Larsson]
Of all the battles that I've won
They don't matter now you're gone
Nothing matters now you're gone
Of all the battles that I've won
They don't matter now you're gone
Nothing matters now you're gone[Verse 3: Tom Walker]
Well, you said you hated me
Tried to forget, but it stays with me
What scares me is when I'm locked up, got me feeling free
Does it come from the heart?
Words cut deep, cut deeper than scars
Thought that you were perfect, was it really worth it?[Pre-Chorus: Zara Larsson & Tom Walker]

Everything we've been criticizing
Well, I don't wanna live like that
Overthinking and analyzing
Never gonna take it back
I thought I was winning, but I was dying
Everything we never had
Losing you is what I want fighting[Chorus: Tom Walker & Zara Larsson]
Of all the battles that I've won
They don't matter now you're gone
Nothing matters now you're gone
Of all the battles that I've won
They don't matter now you're gone
Nothing matters now you're gone[Bridge: Tom Walker, Zara Larsson & Both]
I'm too proud to call you
But I'm still thinking of you
Oh, I think I love you (Ah)
I'm too proud to call you
But I'm still thinking of you
Oh, I think I love you (Ah)
I'm too proud to call you
But I'm still thinking of you
Oh, I think I love you (Ah)
I'm too proud to call you
But I'm still thinking of you
Oh, I think I love you (Ah)[Chorus: Tom Walker & Zara Larsson]
Of all the battles that I've won
They don't matter now you're gone
Nothing matters now you're gone
Of all the battles that I've won
They don't matter now you're gone
Nothing matters now you're gone
