I got too much pride to side
You know what I'm saying baby
You play it so unfair
I can't win this gameShame on me
Shame on you
Blame on me
Blame on you
Shame on me
Shame on you
Blame on me
Blame on you
You don't reply and that's the pain lately
Like there's no one there to communicate
Imma be alright, stay in my lane, lady
You made it oh-so clear, what you tryna sayShame on me
Shame on you
Blame on me
Blame on you
Shame on me
Shame on you
Blame on me
Blame on you
Yeah, yeah
You were busy [?] little girl by the playground
Every time I'm in town, never sit your ass down
I looked up the best ticket, caught the flight and
Blown up getting texts like "I miss you"
It's a goddamn shame when I swerve on another curve maintain lane
I could make a U out another plane jane
