Echo

NONONO

All around me familiar faces,
But I can't seem to place them.
Surrounded by familiar places,
But oh, don't feel like home.
Now how is I to know
The echo is about to grow?
Now how do I retain
The echo, echo, echo?'Uh, close to life
Uh, close to life
Uh, close to life
Uh, close to life
All around you familiar faces,
But I can't seem to trace them.
Surrounded by love and embraces,
But I don't feel a thing.
But how was I to know
That the echo is about to grow?
Now how do I retain
The echo, echo, echo?'
Uh, close to life
Uh, close to life
Uh, close to life
Uh, close to life
Echo, echo, echo
Uh, close to life
Uh, close to life
Uh, close to life
Uh, close to life
