I'm Threw Witchu (feat. Soopafly)

Snoop Dogg

Yeah man, this is another 9 inch dick classic
We wanna dedicate this one to all the fellas
Who got a hard head bitch who just won't listen
Y'know? The best thing to do is leave her
Don't hit her, shake that hoe, bitch I'm gone!Bitch I'm gone, I can't take it no mo'
I can't get through to you
There's nothin' I can say that you seem to understand
Bitch I'm gone, I'm out, oh, yeah yeah yeah
I'm through wit'chu, oh, I'm through wit'chu, yeahI knew that you, was a ho back then
And bitch you're still one now
Ya like to bust, nuts in your face
But with that big-ass mouth
You need to shut the fuck up, you talk too much
I told you once before, yeah
That pimpin' don't, like to tell you twice
So I'm walkin' out that doorBitch I'm gone, oh yeah bitch I'm
Oh I, I got to get the, hell outta here, I can't get through to you
I can't get through to you, you talk too much, I can't tell you shit
