The Perfect Parts

Shakey Graves

Well this city's put me through the wash
Mhmmm, I've been living here for you
Well I used to take my women on the rocks
Yeah, they used to wear out my ballroom shoesWell you know that I bought you many drinks
Oh I found hope on your machine
Well you didn't answer my request
You left my whole world on your stringWell that's your thing
Well I see the words left on the screen
Yeah, you know they're bursting just for me
Well you know that I've known you since we were three
Oh, we fell in love at seventeen
Well so I say, what did I learn, what did I learn?
I said, oh you learned me the heart
Well your lies will burn in alcohol
To sterilize the perfect partsWell at least that's a start
