If You Only Knew (feat. Rob $tone)

Raven Felix

Now they fucking with the young john
Future looking brighter than a sun-storm
Hating-ass bitches what's to front for
You just mad 'cause I'm on and you done for
Come through to get quiet, that tough talk we don't buy it
No matter how bad you deny it, we know that you lying
It ain't that surprising
Nah!
I'll be your heart tonight
Curving these through it ain't acting right
I only ask once, i ain't asking twice
Cause you can't keep up with my appetite
Shit, i just want my piece of paradise
You want my cake, but you can't have a slice
Bitches rap but they ain't half as nice
I'll be dishing it out like it's bad advice
Yeah!
I know you don't hate this shit
Rough when I'm high like it's turbulence
I need to know what the purpose is
For you acting like i don't murder shit
Please!
I already cleaned them dope
I don't be needing them like i need them most
I work and sleep in the studio
Whenever i associate with the movie hoes
Nah!
This shit right here is over due
They hear a rumor about me falling and they hope it's true
If you only Knew x2
If you only Knew how i do
Yeah!
If you only Knew x2
If you only Knew the truth
Yeah!
If you only kneww
If you only Knew x2
If you only Knew how i do
Yeah!
If you only kneww
If you only Knew x2
If you only Knew the truth

Yeah!
If you only...
(Raven Felix)
Shit ain't like it was before
People used to be friends and now they are just people i used to know
For Real!
It's always the ones you thought could never do nothing wrong
Nah!
Now the trust is gone
But I guess real friends they come they go
I'm moving on to the next
Next!
I ain't reading your text
And when you see me I'm fresh
Fresh!
Diamonds all on my neck
Hey!
Aha Aha!
Don't give a fuck and I'll never will
Don't know who i fuck and you never will
Cause i really the kiss never tellllls
