Showtek

Yes all we care about is dem party
Keeping the good vibes good vibes in the air now
Sing along now
I put that rock in ya body
Now bounce all night
Keep them guns outta di club
They killin this vibe
Throw it up for the party
I make'em feel good
Goes out to every club, city and hood
Now put that rock in ya body now yeah
Just keep on rockin and don't take it easy
Gots to get out of the club
If you don't feel me
Give it up, ain't no stopping
Everyone up in the club
Is down with this rocking
And that's all it is now
All night long all night long
You better get on da dance floor now
Get on that riddim now
Imma say booyah!
Booyah!
Imma say what
