I practiced up until hello
There was no problem till then
But when I stand in front of you, why do I just smile like a fool?
I just need to act like I always do
Like now, so naturalI pretended to run my fingers through my hair
Because my extended hand felt awkward
My facial acting was Ha Jung Woo level
Not happy to see you at allI pretended we have similar taste
To be honest, I didn't see that movie
I stood in front of the mirror
And said I love youI practiced up until hello
There was no problem till then

But when I stand in front of you, why do I just smile like a fool?
I just need to act like I always do
Like now, so naturalHello, hello
Hello, hello
Hello, hello
I know how to be cool and say hello
But when I see you
Woo baby babyI already know
It's written on your face
You're awkward but so cute
You didn't even say the right movie titleActually, I've been waiting
Actually, I've been waiting for a while
For you to say it first
That you like me, or whatever elseI practiced up until hello
There was no problem till then
But when I stand in front of you, why do I just smile like a fool?
I just need to act like I always do
Like now, so naturalHello, hello
Hello, hello
Hello, hello
Even if you practice, some things don't work out
No, I don't believe thatI practiced up until hello
There was no problem till then
I know how to be cool and say hello
But when I see you
