

# Prisoner

Era Istrefi

I know where this is headed  
Yeah, I've seen it all before  
So many of 'em like you on the block  
If you wanna come and get it  
Then you better be sure  
'Cause I know where this is headed, make it stop  
Tryna mess with my mind  
But I'm trapped on both sides  
Better hurry up or you don't have a prayer  
I know where this is headed  
Yeah I've seen it all before  
I don't really wanna watch you running scared Oh, oh oh oh,  
not even tryna fall in love  
But oh, oh oh oh,  
you ain't gonna keep me in these cuffs  
Boy, you drive me crazy  
Don't wanna wait, just get me what I want  
'Cause so when I get angry  
It's like looking down the barrel of a gun  
I know you like to play with fire, fire  
But if you get too close, you might get burnt  
So you better ru, ru, ru, ru, ru, ru, run  
And take no prisoner Yes, me in your corner  
And you roll the windows down  
Sorry, but for me that's not enough  
You just keep it moving  
Like you've heard a siren sound  
And you don't even stop to show me love  
Tryna mess with my mind  
But I'm trapped on both sides  
Trust me, you don't wanna hear that click  
Sit me on your corner  
And you roll your windows down  
I don't think before we're acting quick  
Oh, oh oh oh,  
Not even tryna fall in love  
But oh, oh oh oh,  
You ain't gonna keep me in these cuffs Boy, you drive me crazy  
Don't wanna wait, just get me what I want  
'Cause so when I get angry  
It's like looking down the barrel of a gun  
I know you like to play with fire, fire

But if you get too close, you might get burnt  
So you better ru, ru, ru, ru, ru, ru, run  
And take no prisoner So stand up, stand up  
Both hands where I can see  
Stand up, stand up  
You're not enough  
Enough for me Stand up, stand up  
Both hands where I can see  
Stand up, stand up  
You're not enough  
Enough for me Boy, you drive me crazy  
Don't wanna wait, just get me what I want  
'Cause so when I get angry  
It's like looking down the barrel of a gun  
I know you like to play with fire, fire  
But if you get too close, you might get burnt  
So you better ru, ru, ru, ru, ru, ru, run  
And take no prisoner
