Stars Falling Down

Kina Grannis

I think that the stars would have waited for us
hanging on to the night, watching down below
Until we were hand in hand, together waiting for them
And when I open my eyes I saw it too
Stars falling down, when I fell for youI love you, I love you. I do.I think that the clouds like the laughter between us
Wanting to feel the warmth they're softly sinking down
Until the cover the streets just like a dreamland
And right above us they part so that I see through
Stars falling down, and I fall for you.
I love you, I love you. I do.
