Only a Fool (with Pink Sweat$) [Low Steppa Remix]

Galantis & Ship Wrek

[Verse 1]
There's some things about you I know I don't like
But I can't stand not having?you?right by my?side
I would trade eternity for just?a night
You might be crazy but at least I know you're mine[Refrain]
Just say that you feel the same
Show you what I really mean (Yeah)
'Cause even when you're afraid
I could be your remedy[Pre-Chorus]
Oh, only a fool would turn down your kiss
'Cause girl, you got magic all in your lips
I'm so for real, this is not for play
Girl, just one touch and I'm not the same
[Chorus]
Only a fool
Only a fool
Only a fool
Only a fool would let you go
Oh[Refrain]
Just say that you feel the same
I'll show you what I really mean, yeah
'Cause even when you're afraid
I will be your remedy[Pre-Chorus]
'Cause only a fool would turn down your kiss
'Cause girl, you got magic all in your lips
I'm so for real, this is not for play
Girl, just one touch and I'm not the same
[Chorus]
Only a fool
Only a fool
Only a fool
Only a fool would let you go[Bridge]
Only a fool
Only a fool would let you go
Only a fool
Only a fool would let you go
Oh, oh[Chorus]
Only a fool would let you go
Oh, oh
Only a fool would let you go

Oh
