Baby Hold On to Me (feat. Eddie Levert)

Gerald Levert

(featuring Eddie Levert)All your friends are telling you
You should have a fancy car and diamond rings
But Girl you know all good things come in timeGirl you know I'll do just about anything
To see a smile upon your face
So don't let your friends go messing with
your mindGirl you know there ain't nothing
I won't do for you and Baby don't
Don't ever doubt my love 'cause it's trueBaby hold on to me
See I'm a special kind
A man that is hard to find
Told you a thousand times
Baby hold on to me
Repeat 1Oh Girl wasn't I there when he made you cry
And who was there to comfort you
When he said bye bye bye bye bye BabyGirl I give you my time here is my money
All of my heart and you'll be so sorry Baby
If we were to ever part
And Girl you know
That I would never hurt you
And Girl you know
That I would never desert youBetter hold on to me
See I'm a special knid
A man that is hard to find
Told you a thousand times
Baby hold on to meRepeat 1
I wanna be everthing that you need
And I promise yes I promise Baby
To be there for you babyRepeat 1(Ad lib)Repeat 1 three times(vamp)
