Can You Control Yo Hoe (feat. Soopafly)

Snoop Dogg

Niggas, get your milla genuine draft, 'cause it's milla time
We about to go hard on these hoes on this one right hereCan you control your hoe?
(You got a bitch that won't do what you say)
You can't control your hoe?
(She hardheaded, she just won't obey)
Can you control your hoe?
(You've got to know what to do, and what to say)Listen, you've got to put that bitch in her place
Even if it's slapping her in her face
You got to control your hoe
Can you control your hoe?
I went to your house, your girl came in and started cussing you out
You should have slapped her in her face, I wanted to tell you
But it wasn't my place, I kept it on the low, 'cause I know you
Was gonna check that hoe, but instead, you was quiet as a mouse
Maybe you started to think it wasn't your house'Cause she was acting like a nut, you got a kind of bitch
That would kick your butt, what kind of pimp holds back?
Never met a bitch that a pimp can't slap, what's wrong with the pimpin'?
Why you get a whippin'? All I got to say is thisCan you control your hoe?
(You got a bitch that won't do what you say)
You can't control your hoe?
(She hardheaded, she just won't obey)
Can you control your hoe?
(You've got to know what to do, and what to say)
Listen, you've got to put that bitch in her place
Even if it's slapping her in her face
You got to control your hoe
Can you control your hoe?This is what you made me do, I really didn't want to put hands on you
But bitch you playin' with fire, I'm so sick and tired
Of loud mouth bitches like you, a nigga had to go and put tips on you
'Cause bitch you playin' with fire, I'm so sick and tiredThis is what you forced me to do, I really didn't want to put hands on you
But bitch you playin' with fire, I'm so sick and tired
Of loud mouth bitches like you, a nigga had to go and put tips on you
Bitch you playin' with fire, I'm so sick and tiredCan you control your hoe?
(You got a bitch that won't do what you say)
You can't control your hoe?
(She hardheaded, she just won't obey)
Can you control your hoe?
(You've got to know what to do, and what to say)Listen, you've got to put that bitch in her place
Even if it's slapping her in her face
You got to control your hoe
