

# Texas Was You

Jason Aldean

Ohio was a riverbank  
A ten speed laying in the weeds  
Cannonball off an old rope swing  
Long, long summer days Tennessee was a guitar  
First big dream of mine  
If I made it, yeah, that'd be just fine  
I just wanted to play, I just wanted to play But Texas was green eyes crying goodbye  
Was a long drive, a heartache  
I'm still trying to get through  
Texas was you  
Carolina was a black car  
A big white number three  
California was a yellow Jeep  
Cruising down Big Sur, ha, ha Georgia was a summer job  
And Bama was a spring break  
I got memories all over the place  
But only one still hurts, only one still hurts Like Texas was green eyes crying goodbye  
Was a long drive, a heartache  
I'm still trying to get through  
Texas was you  
Texas was my whole life waving goodbye  
Thought I'd die, a heartache  
I'm still trying to get through But Texas was you  
It'll always be you
