Unfair

6LACK

All my mistakes don't make me less of a man
But lately it feel like them shits really can
I'm praying I don't wake up all alone
It's hard to say it, so I write a song
But that ain't equal to me, righting wrongs
Stuck between a rock and a hard place
And I'ma had to figure is that a hard way
We may not even done our best terms
Maybe we should love or we should learnI don't wanna fight and be at war
But you, but you
Gotta want the same things
I don't wanna fight and be at war, no, no
But you, but you
Gotta want the same things
So if you ever fall
You know that I'll be there
I know how to put my ego aside, yeah
Correct me if I'm wrong
You said you never wanna share
But now I'm stuck between
What I love and who I love
I know it's unfair
