BRB (feat. Pink Sweat$)

Mahalia

Woke up this morning and I looked to my left
Thought you were here, baby
Realised and got a sudden pain in my chest
Thought you were near me, baby
You're posted up in London in the house that we rent
Yeah, how's it doing, baby?
I'm working on my music, but today I'm upset
Yeah, I really miss you, babyI don't mind if you've had enough of this lonely life
Baby, sometimes I feel it too, too
And I don't mind if you're tired of the days when we don't get to FaceTime
'Cause most of my life is split between you and the red eyesI know you never ask for much when we're together at home
And, baby, I like that, yeah
Gotta hold it down for a little bit longer and we'll be together for life
Yeah, I'll be right back, yeah
I'm here in the studio and you in the club
Wonder if you miss me, baby
You know I get jealous when you're out getting drunk
And I ain't there to hold you, baby
I'm out in America, I'm tryna make my album
I want you to hear it, baby
Maybe when I come back to the ends, we can catch up
I can't wait to kiss you, babyI don't mind if you've had enough of this lonely life
Baby, sometimes I feel it too, too
And I don't mind if you're tired of the days when we don't get to FaceTime
'Cause most of my life is split between you and the red eyesI know you never ask for much when we're together at home
And, baby, I like that, yeah
Gotta hold it down for a little bit longer and we'll be together for life
Yeah, I'll be right back, yeah
I said I don't mind, but truth is I do
All the things you're feeling, babe, I feel too
I'm stood at the gate, waiting in LAX
'Bout to take my music out, don't know if she'll land
Walking down the aisle on this jet plane
Closed eyes, picturing our wedding day
Finally take a seat up by the front window
Swipe the tab and turn my phone to airplane modeI know you never ask for much when we're together at home
And, baby, I like that, yeah
Gotta hold it down for a little bit longer and we'll be together for life

Yeah, I'll be right back, yeah
