You looked too good with your makeup off
and yo favorite song, they get scandalousGirl your dangerous
They checkin' they lyin'
The options is so many options, yeah
The ladder you gotta be climbing, oo
You always just check on yo status, oo
Girl what's been happening lately?
We don't even talk no mo'
I be getting high on the low, fuck the guy in yo phone
Lately all the bottles gonna come, I can see it in your eyes
In your tone I can hear it, the sky was the limit
Spoke about the future I wasn't in it
So you had plans for a man in a million, but you I shoulda been here when your boy was in the cific
