

# Be Mine

## Grits

Hey baby hey baby hey baby

Slow down hold up

I want you to be, want you to be mine

Hey baby hey baby hey baby

Slow down hold up

I want you to be, want you to be mine

Hey baby hey baby hey baby

We can up

We can up

We can get married

This is my gift to you

My love is true

We can get married

Hey baby hey baby hey baby

Slow down hold up

I want you to be, want you to be mine

Hey baby hey baby hey baby

Slow down hold up

I want you to be, want you to be mine

Hey baby hey baby hey baby

We can up

We can up

We can get married

This is my gift to you

My love is true

We can get married

Who'd have thought my babe was on an island of her own

Had me smiling on the phone same page different time zones

God's a real character painting caricatures of Christ

And His love for the church enduring the pain cuz it hurts

When i saw you i went bezerk insane goin looney and cartooney

So sue me you was a vision of beauty truly

Thinking of all the charm to inflect upon my behalf

Forgive me don't mean to stare but your hair is down to your calf

Tell me about yourself your culture is Polynesian

I love when the breeds be mixin our blueprint is in Ephesians

Instantaneously cultures collided decided we'd ride it

Spent time in prayer separately so we wouldn't have to hide it

Fictitious image brought to life reflection of love

Carefully inspected with gloves so fragile my darling was

And i ain't need miss Cleo to re-assure me that i got her

Scored big like the opening week of Harry Potter Slow down hold up

I want you to be, want you to be mine  
Hey baby hey baby hey baby  
Slow down hold up  
I want you to be, want you to be mine  
Hey baby hey baby hey baby  
We can up  
We can up  
We can get married  
This is my gift to you  
My love is true  
We can get married In the beginning i hesitated debated within my soul  
Wrestling with my feelings of knowing if you was sent  
Enduring the distance alone being content  
Longing your presence believing that we was meant  
Submitted my intent i was truly convinced  
You're the women in my life i couldn't breathe without  
And the one I really wouldn't be complete without  
And i wrote this so you wouldn't have any doubt  
Or misunderstanding of what my love is really about  
Cause from here on out baby its all about us  
And from here on out i wanna build on trust  
Cause the union we got ain't no comparing any other  
I'm askin you to be more than a baby's mother  
My help mate soul tie my right hand  
Beginning and end and better half of life  
To be my lady my lover my best friend and wife hey Slow down hold up  
I want you to be, want you to be mine  
Hey baby hey baby hey baby  
Slow down hold up  
I want you to be, want you to be mine
