007 (feat. DeJ Loaf)

Birdman & Jacquees

Lost at sea nigga
Can't see nothing but the water
Ay we ain't playin' 'bout this side
You owe me money, better hide
Too many niggas, that done tried
Too many niggas, that done died
I tuck the pistol when I ride
Got pretty bitches getting high
007, I'm golden
And I brought my set to the NOLA
Nigga know what I'm doing
Bad hoes I'm pursuing
Bitch I'm icy like a Bruin
Bitch we icy, fuck a Bruin
Hit that pussy from the back
I'm Chipper Jones with a bat
Ran off on the plug
And we ain't never coming back
See me and Tunechi got a stack
See me and Stunner got a stack
See being broke is like an ex
And I ain't never going back
My jewelry shine like a plaque
You tuck your chain, you a bitch
Load the chopper, yelling free the 'Woper
Know we Gucci 'cause I'm from the six
Notice how I hustle no play
They been tryna block us all day
We ain't finna let 'em stop us
So I'm still on the block with my gun
Ay we ain't playin' 'bout this side
You owe me money, better hide
Too many niggas, that done tried
Too many niggas, that done died
I tuck the pistol when I ride
Got pretty bitches getting high
007, I'm golden
And I brought my set to the NOLA
I said woah woah, yeah yeah
Chopper gon' hit you from both sides
Niggas be thinking shit sweet 'til we pop up
Kids close your eyes

Make sure before you come for me
Bitch close your thighs
Hoes can't control they selves
It's a must they die
You don't even want to know what's in the trunk
That ain't the trunk, bitch that's the trunk
I been the shit since I was on sippy cups
You ain't got balls, pull your zipper up
That's a hundred right there, cool fifty tucked
Try to touch anything, we go cocoa puffs
Yeah, crack your coconut
Pussy
Notice how I hustle no play
They been tryna block us all day
We ain't finna let 'em stop us
So I'm still on the block with my gun
Ay we ain't playin' 'bout this side
You owe me money, better hide
Too many niggas, that done tried
Too many niggas, that done died
I tuck the pistol when I ride
Got pretty bitches getting high
007, I'm golden
And I brought my set to the NOLA
