

Bad as the Boys (feat. ALMA)

Tove Lo

I run my fingers through her hair
Crushing my hope that this could go anywhere
I'm just a memory of good times
She's not mine
Love hurts when you hold her
But it's over
Oh why, oh why, oh why
Love hurts when you're deep in
She's forgetting
I met her in the summer
Thinking life would get better
But she's gone now
Took my heart and sunk with it
She was just as bad as the boys
Bad as the boys
I met her in the summer
Thinking life would get better
But she's gone now
Took my heart and sunk with it
She was just as bad as the boys
Bad as the boys
I know she used me for some fun
And I was down until she felt like the one
Maybe the heat just got me blind
She's so fine
Love hurts when it's fire
She's a liar
Oh why, oh why, oh why
Love hurts when you're fingering
But she kissin'
I met her in the summer
Thinking life would get better
But she's gone now
Took my heart and sunk with it
She was just as bad as the boys
Bad as the boys
I met her in the summer
Thinking life would get better
But she's gone now
Took my heart and sunk with it
She was just as bad as the boys
Bad as the boys
Big girls cry, big girls cry
It's, it's, it's alright
Big girls cry, big girls cry
It's, it's, it's alright (And big girls cry)
Big girls cry, big girls cry (Ooh, ooh)
It's, it's, it's alright (You know that big girls cry)
Big girls cry, big girls cry
It's alright, alright, alright
I met her in the summer

Thinking life would get better
But she's gone now
Took my heart and sunk with it
She was just as bad as the boys
Bad as the boys I met her in the summer
Thinking life would get better
But she's gone now
Took my heart and sunk with it
She was just as bad as the boys
Bad as the boys (Yeah, yeah, yeah) I know, I know she, I know she used me for some fun
She was as bad as the boys
I know, I know she, I know she used me for some fun
She was as bad as the boys
