

Out of the Black

Royal Blood

How did it feel when it came alive and took you
Out of the black
It broke your skin and sthrough
Every part of me, every part of you You made a fool out of me
And took the skin off my back running
So don't breathe when I talk
'Cause you haven't been spoken to I got a gun for a mouth and a bullet with your name on it
But a trigger for a heart beating blood from an empty pocket
I never knew why
And you didn't care when
It closed every door
And washed away no sin And I promised you
Like you promised me
That those vows we made
Fucked it up for free You made a fool out of me
And took the skin off my back running
So don't breathe when I talk
'Cause you haven't been spoken to I got a gun for a mouth and a bullet with your name on it
But a trigger for a heart beating blood from an empty pocket
You made a fool out of me
And took the skin off my back running
So don't breathe when I talk
'Cause you haven't been spoken to
I got a gun for a mouth and a bullet with your name on it
But a trigger for a heart beating blood from an empty pocket
And it tortures slow
Never lets you go
Deals a crooked hand
