Change

Sean Kingston

Change, Chorus:

Oh i wish i had the power, the power to change the world But im just one man trying to do it on my own

Oh i wish i had the power, the power to change the world

But im just one man trying to do it on my own

Can someone help me? (change the world)

Can somebody help me? (change the world) Everyday i saw you there chillen on the corner

puffin on crack and marijauna Because i know how your life is

nobody just be guidin, no

Hope to see black people living longer

also less kids without fathers

We should all come together

Please stop fighting and killing eachotherIts what happens when your living in the street life its so dark and you dont get sunlight

People seeing why you dont get treated right

But ima try to change itChorus:

Oh i wish i had the power, the power to change the world

But im just one man trying to do it on my own

Oh i wish i had the power, the power to change the world

But im just one man trying to do it on my own

Can someone help me? (change the world)

Can somebody help me? (change the world) Many people living off welfare

Hoping things get better next year

but im covered in tears

so many sick without health caretoo many innocent people dyin' and i dont know why

you gotta keep your eyes open even when your rollin' as days go byIts what happens when your living in the street life its so dark and you dont get sunlight

People seeing why you dont get treated right

But ima try to change itChorus:

Oh i wish i had the power, the power to change the world But im just one man trying to do it on my own Oh i wish i had the power, the power to change the world

But im just one man trying to do it on my ownBridge:

Somebody change the world we've got little boys and little girls growing up on this sinful earth oh whats happening? i dont know, but please tell me we've got all these criminals and discretes
killin people for no reason
i dont know whychorus:
Oh i wish i had the power, the power to change the world
But im just one man trying to do it on my own
Oh i wish i had the power, the power to change the world
But im just one man trying to do it on my own
Can someone help me? (change, change, change)
Can somebody help me? (change, change, change
