

# Troubled World (feat. Kelly Price, Jessica Reedy)

**Faith Evans**

This song right here  
Goes out for all my brothers and sisters  
All across the land  
No matter what you're going through  
You gotta keep your head up  
'Cause God is with you  
God is with you Troubled world that I see  
Every day through my eyes  
So beautiful God created the all  
Many people many places  
Lord have mercy  
My Earth was separated  
And I'm just trying  
To get along  
In this world on my on  
And I'm just trying  
To get along  
In this world on my on I shall never worry  
'Cause I'm not alone  
God is with me  
And I know He won't let me go  
So if you are out there and you're lonely  
Just remember Faith is... and holding on  
And I'm just trying  
To get along  
In this world on my on  
(In this world)  
And I'm just trying  
To get along  
(All I can do is try)  
In this world on my on And it's all a part of life  
All the pain and the strive  
One day will understand  
That there is a master plan  
There is a reason for all we're going through  
There is a promised land  
And He promised it to me and you And I'm just trying  
To get along  
In this world on my on  
(In this world)

And I'm just trying  
To get along  
(All I can do is try)  
In this world on my on I'm still trying And I'm just trying  
To get along  
(I gotta get along)  
In this world on my on  
(I just want to get along  
And I'm just trying  
To get along  
In this world on my on  
(On my on)
